Meena Sharma

ITI Trainee - Solar Technician

Email: meena.sharma@example.com | Phone: +91 9000000022 | Nashik, Maharashtra

Career Objective

Solar Technician (Electrical) trainee. I want to maintain and repair solar systems in villages and schools so that the lights keep working after the installer leaves.

Education

- ITI Solar Technician (Electrical) (NCVT), Government ITI Nashik - 2025 to 2026
- HSC (Class 12, Science), Maharashtra Board - 2025

Skills

- Solar Panel Maintenance (cleaning, inspection, hot-spot check)
- Battery Bank Wiring (series / parallel, 12 V and 24 V)
- Multimeter (Voc, Isc, battery voltage)
- Electrical Safety
- Charge controller setup

Practical Training

- Installed a 1 kW off-grid demo system on the ITI roof with my batch (4 panels, 2 batteries, PWM controller).
- Cleaned and tested 12 street-light panels in our village with the gram panchayat electrician.
- Logged daily battery voltage for 30 days for the workshop solar inverter.

Career Interest

Solar maintenance for rural schools and street lights; off-grid systems.

Languages

Hindi, Gujarati / Marathi, basic English.
