Sneha Kulkarni

ITI Trainee - COPA

Email: sneha.kulkarni@example.com | Phone: +91 9000000055 | Thane, Maharashtra

Career Objective

COPA trainee interested in IT Helpdesk & Software QA. I want to build reliable web tools for training centres and use Python and Excel automation to reduce repetitive office work.

Education

- COPA (Computer Operator and Programming Assistant), Tata STRIVE SDC - Thane - 2026
- Demo assessment: Trade Theory 95%, Workshop Practical 96%, Safety Compliance 99%

Skills

- Python scripting and CSV processing
- Web Design with HTML/CSS and accessible forms
- SQLite Database: tables, queries and parameterised SQL
- Excel Automation: formulas, validation and reporting
- Software QA: test cases, defect reports and regression checks

Practical Training

- Built a practice student register using Python, HTML/CSS and SQLite with input validation.
- Automated an Excel stock summary and reconciled totals against source records.
- Wrote test cases for duplicate records, missing fields and invalid stock quantities.

Career Interest

IT Helpdesk & Software QA; student and inventory management tools for CSR centres.

Languages

Hindi, Gujarati / Marathi, basic English.
